

SOUTH SIDE.

TEMPE.

There are 35,000 miners' inches of water in the river and the volume is gradually increasing. This is a great encouragement to the farmers who have been thinking themselves very unfortunate since the recent rains in California. Although this rise is slight, it will save crops which otherwise would have been a total failure. Much more water is needed and it is to be hoped that in the course of a few more days the river will raise sufficiently to irrigate well all the land into grain and alfalfa.

William McFadden has bought half of the Bolton home place one-half mile east of Tempe and will immediately commence the building of a house. He proposes to make this his home and to give his family the advantages offered by the normal school.

An enjoyable dance was given in the Armory hall last night by the Society club. J. Webster Johnson yesterday shipped one-half dozen full blooded brown Leghorn chickens to Bisbee. Fanny stock is a fancy business and makes a man of fancy happy. Mr. Johnson is establishing the poultry business on a sound footing, so far as the Tempe country is concerned.

Henry Rodenbeck on April 1 will take charge of the Hilds bakery. Mr. Hilds will leave Tempe and return to his old home. Mr. Rodenbeck has been connected with the Arizona bakery of Phoenix. As he has bought the Tempe bakery, he will move his family to the south side and build up a trade for himself.

MESA.

The friends of Miss Willie Stevens will be sorry to learn of that lady's illness.

Those registered at the Alhambra are: J. V. Buck, Jersey; John Leyden, H. A. Chase, Phoenix; William Lysett and John Miller, Florence; P. Charrand and friend, Prescott; W. E. Brizze, Mesa.

Those registered at the Kimball house are: Joe Bucks, Germany; J. C. Hall, Redlands, Cal.; E. E. Hudson, Phoenix.

The J. M. Schuele vineyard gives promise of a tremendous yield of grapes, or rather raisins, this year. This vineyard is a wonder of a symmetrical beauty. Mr. Schuele will not estimate the crop, but it is safe to say the tons will crowd three figures easily. Although farther advanced in a general way than other parts of the valley in the fruit culture, Mesa is really young in the industry. Additional fruit land is set out every year and a handsome increase in product is added to each year's total.

Mrs. W. DeWald has opened her millinery and dress making establishment in the George Pessey building. If there be any who think it necessary to go to Phoenix to see such an establishment as named above, they should step into this store and be surprised and delighted. There are four seamstresses busily engaged in making up garments for Mesa ladies. The display on exhibition cannot be surpassed, not only in Phoenix, but on the coast, for the same price. Some of the styles are bewitching. When its existence becomes generally known Mesa ladies will be proud of this place.

BOWEN-ROBINSON WEDDING.

Last Tuesday evening Mr. S. Will J. Bowen led Miss Mary C. Robinson to the altar. The knot was firmly tied by the Rev. William Barker, of Mesa. Congratulations and good wishes were then in order and the guests took turns at kissing the bride and wishing her a long and happy life. At 7:30 the small company sat down to enjoy a most beautiful dinner, which was served up in the latest approved method and knives and forks began to keep time to the beautiful music rendered by Dr. Hawley's famous orchestra, which was stationed at a distance under a rose bower. After enjoying a very pleasant evening the guests bowed themselves from the presence of the happy couple and their parents. They carried with them very pleasant memories of the bachelor's fate and a large, generous piece of the wedding cake. The bride was dressed in a beautiful white silk and many handsome presents were received from the guests as tokens of their regard. But a few of their friends were invited. Those present were: Mr. and Mrs. E. W. Wilbur and family, Mr. Edwin Page, a nephew of the bride, who came from Chicago to witness the ceremony; Miss Ida Williams, Miss Blanche Newell and Miss Nella Clark. Mr. and Mrs. Bowen will live for the present with the bride's parents. The happy couple are among Mesa's most popular young people.

THE OLD WAY.

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at present time and many dyspeptics and physicians will consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken. In other words, the starvation plan is by many supposed to be the first essential.

The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting or starvation to a man suffering from dyspepsia, because indigestion itself starves every organ and every nerve and every fibre in the body. What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words, the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rests, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50 cents for full sized package at all drug stores.
